

Amid global concern about COVID-19, we will continue to be here for our patients.

As people and companies all across the country take additional preparations to protect against the Coronavirus (COVID-19), we acknowledge that your Chiropractic needs are still causing an issue for you. At this time, we will remain open by appointment only and will continue to service our community with the same level of professionalism you've come to expect from us.

We have taken extra precautions to ensure that our staff and office is cleaned following CDC recommendations.

Due to the increasing number of reported cases in the US, we are continuously monitoring the situation. We will also continue to actively assess the necessary actions we need to take in order to ensure the health and safety of our patients, staff, and their families. We hope that you will join us in taking some basic but important measures, such as frequent hand washing to keep communal risk low.

We thank you in advance for your patience during this most challenging and unprecedented time.
